★ **KONRAD WŁODARCZYK** – CEO & Founder

Manpower from Asia

At **Primework Group**, we understand the value that Asian workers bring to the European labor market. Our mission is to build bridges between European enterprises and qualified workers from the **Philippines, Nepal, India, Bangladesh, Vietnam, Indonesia, and Sri Lanka**. Discover how our Asian workers can contribute to the growth and innovation of your company.

Why choose workers from Asia?

Asian workers are known for their incredible work ethic, versatility, and adaptability. With extensive experience in various industrial sectors, they are able to quickly adapt to new work environments, introducing innovative approaches and solutions. By choosing workers from Asia, you gain not only efficiency but also new perspectives that can enrich your team.

Transport and Logistics

Reliability and efficiency in goods management

Manufacturing

Efficiency and quality thanks to experienced staff

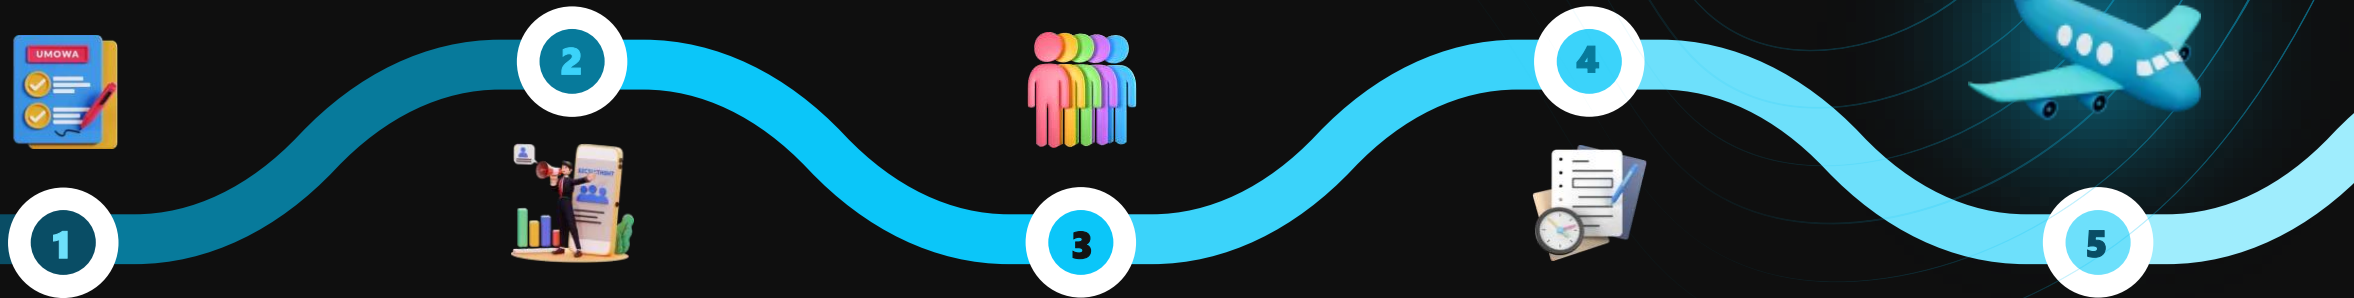

Agriculture

Your support in seasonal farming operations

Welding

Top-class MIG/MAG/TIG welders ensuring quality

Collaboration process step by step

Establishing cooperation

We begin by having you **complete a form** we send, which allows us to prepare a tailored offer that meets your specific needs. Based on your expectations, then we prepare a cooperation agreement, ensuring full transparency and security throughout the process.

Recruitment process

After the agreement is signed, we proceed with the recruitment process, which typically takes **3 to 10** business days. During this time, we carefully select candidates, taking into account the required number of employees and their qualifications. Our team ensures that every candidate meets the established criteria.

Presentation of candidates

Once the recruitment process is completed, we will send you detailed profiles of the selected candidates, including their **CVs, passport copies, and qualification documents**. At this stage, you make the final decision on which candidates best fit your needs.

Submitting work permit applications

Once the candidates are approved, we begin preparing the necessary documents for **work permit applications**. The client submits these applications to the Labor Office responsible for the company's location, and we provide full support throughout the entire process, ensuring that all formalities are handled efficiently and in compliance with the regulations.

Visa Process and Arrival of Workers

After obtaining the work permits, we prepare the necessary documents for the candidates to apply for their visas. We then arrange air transportation to bring the workers to Europe. **The flight costs are covered by the workers**; however, we ensure that the entire process runs smoothly and that the workers arrive at their destination on time.

Services ✨

For the Employer
